

**FOR IMMEDIATE RELEASE**

**David Davis is part of the Class of 2009 Leadership Washington County**

FINLEYVILLE, PA; JUNE 8, 2009—On May 19, Dave Davis of David Davis Communications was one of 22 members honored at the Leadership Washington County graduation ceremony. They were the ninth class to graduate since its inception in 1998, there are currently 151 alumni. The graduation ceremony was held at the Nemacolin Country Club. David Davis received one of the Chamber's Leadership scholarships.

The curriculum consisted of one full day per month at various locations throughout Washington County learning about the facilities, processes, and needs as well as the people who showcase their talents to make a difference. The goal of this organization is to educate and build committed people who will be involved and take leadership in their communities. They worked with the Mel Blount Youth Home, United Cerebral Palsy of Southwestern Pennsylvania and the Leadership Program itself. David Davis was intrigued to learn the "behind the scene" views of the county legal and penal systems. He was able to experience 1<sup>st</sup> hand what a day in the life of a county judge feels like.

"The Leadership Washington County program has allowed me an opportunity to see the needs of others and make a conscientious decision to get involved. There are many options, but they all start with a commitment to give of yourself," said Dave Davis.

In order for communities to continue to grow, programs like Leadership Washington County help prepare individuals to help lend a hand. With the skills and knowledge he gained from the Leadership Washington County, he can continue to make a difference and impact his community.
